

# eForm Suite for TeleForm®

Create complex online forms and questionnaires in HTML and PDF format without any programming or script knowledge.

The eForm Suite enhances the TeleForm software with the possibility of creating modern electronic forms. With this, the TeleForm Designer becomes a desktop publisher for eForms.

Based on the principle of „What You See Is What You Get“, the conversion takes place in accordance with the graphical form draft in TeleForm® Designer. Sending the data client side is achieved via an encrypted Email or internet connection. All popular browsers are supported.

In the PDF variation, the automatic capturing and processing of the data with the free Acrobat Reader is ensured, even if the client sends the completed form back via fax or printed on paper. In this way, application data can be transferred electronically and, without technical hurdles, still be signed securely.

Further processes can be triggered based on the form

data received or captured, for example the dispatch of automated reply documents by fax, print or Email. Also, preset form actions can be defined, dependent on the data entered.

Predefined validation and plausibility checks can avoid erroneous input whilst completing the forms. This in turn increases data quality and reduces correction effort.

## Advantages of eForms Suite :

- Create online forms without programming knowledge – based on the WYSIWYG Principle
- A shortcut to direct data capturing and avoiding corrections – 100% clean data
- No other programs are necessary
- Automatic acquirement of validation, plausibility checks, calculating fields as well as comprehensive field checks with coded expressions
- Secure data transfer
- Comfortable on-screen completion

The screenshot shows a PDF form titled "A4 Sample Order Form.pdf - Adobe Acrobat Pro Extended". The form is for Enterprise Products, Inc. and includes a toll-free number (0207 100 2354). It contains fields for "ORDERED BY" (Tony Anderson), "PHONE NUMBER" (0413173600), and "SHIP TO" information (Konrad Zuse Avenue 13, Los Angeles County, CA 91755). A table lists the product selection: 2 units of TFT 19" Monitor at a unit price of 998.00, totaling 1998.00. Shipping and handling charges are 15.00, and the subtotal is 2113.00. The FedEx logo is also visible.

ITEM NUMBER	ITEM DESCRIPTION	QTY	UNIT PRICE	TOTAL PRICE
1000	TFT 19" Monitor	2	998.00	1998.00
			SHIPPING AND HANDLING	15.00
			<b>SUBTOTAL</b>	<b>2113.00</b>

PDF form with automatic calculations

The screenshot shows an HTML form titled "Enterprise Sample Customer Satisfaction Survey". It includes a "Personal Information" section with fields for "First Name" (Thorsten), "Last Name" (Schwandt), "Region / Country" (Los Angeles County), "Post Code" (917500), and "Phone" (0413173600). The survey questions are: "1. Our marketing is well laid out", "2. Easily found the items I was looking for", and "3. It was easy to use the phone to place my order". The response options are: "Strongly Agree", "Agree", "Neither Agree nor Disagree", "Disagree", "Strongly Disagree", "Don't Know", and "Not Applicable".

HTML form

Function & Feature	PDF	HTML
Online form layout equates 1:1 to the TeleForm Designer draft (WYSIWYG)	Yes	Yes
Acquirement of validation, field checks and plausibility checks when converting	Yes	Yes
Printed online form can be scanned and read as a fax or paper form	Yes	No
Intermediate storage of data possible	YES (conditionally, as dependent on the Acrobat version / Adobe LifeCycle functionality)	No
Data transfer via Email	Yes	Yes
http/https online data transfer	Yes	Yes
Windows Mobile/Smart Phone suitability	Conditionally	Conditionally
Platform/Browser independent	Yes	Yes
Data pre-filling possible	Yes	No
Data encryption	Yes, also via E-Mail	Yes
Barcode / 2D-Barcode support	Yes	No
Supports Tablet PCs and Touch screens	Yes	Yes
Acquirement of existing TeleForm Forms	Yes	Yes
Create multi lingual / localized eForm applications	Yes	Yes
AMP-Export-Connect Agent to generate and dispatch automatic replies	Yes	Yes
PDF eForm-Connect Agent to generate electronic sequence processes	Yes	No
Form report function to automatically create TeleForm form documentation	Yes	No
